## READ AND YOU WILL LEARN

That the leading medical writers and teachers of all the several schools of practice endorse and recommend, in the strongest terms possible, each and every ingredient entering into the composition of Dr. Pierce's Golden Medical Discovery for the cure of weak stomach, dyspepsia, catarrh of stomach, "liver complaint," torpid liver, or biliousness, chronic bowel affections, and all catarrhal diseases of whatever region, name or nature. It is also a specific remedy for all such chronic or long standing cases of catarrhal affections and their resultants, as bronchial, throat and lung diseases (except consumption) accompanied with severe coughs. It is not so good for acute colds and coughs, but for lingering, or chronic cases it is especially efficacious in producing perfect cures. It contains Black Cherry bark, Golden Seal root, Bloodroot, Stone root, Mandrake root and Queen's root—all of which are highly praised as remedies for all the above mentioned affections by such eminent medical writers and teachers as Prof. Bartholow, of Jefferson Med. College; Prof. Hare, of the Univ. of Pa.; Prof. Finley Ellingwood, M. D., of Bennett Med. College, Chicago; Prof. John King, M. D., late of Cincinnati; Prof. John M. Scudder, M. D., late of Cincinnati; Prof. Edwin M. Hale, M. D., of Hahnemann Med. College, Chicago, and scores of others equally eminent in their several schools of practice.

The "Golden Medical Discovery" is the only medicine put up for sale through druggists for like purposes, that has any such *professional* endorsement—worth more than any number of ordinary testimonials. Open publicity of its formula on the bottle wrapper is the best possible guaranty of its merits. A glance at this published formula will show that "Golden Medical Discovery" contains no poisonous or harmful agents and no alcohol—chemically pure, triple-refined glycerine being used instead. Glycerine is entirely unobjectionable and besides is a most useful ingredient in the cure of all stomach as well as bronchial, throat and lung affections. There is the highest medical authority for its use in all such cases. The "Discovery" is a concentrated glyceric extract of native, medicinal roots and is safe and reliable.

A booklet of extracts from eminent, medical authorities, endorsing its ingredients mailed *free* on request. Address Dr. R. V. Pierce, Buffalo, N. Y.

### Work of Bank Robbers.

Like the raids of the James and Younger band of outlaws was the work of five masked bandits, who rode into Sawyer, N. Dak., at dawn yesterday and seized the First State Bank, dynamited the safe, and escaped with $4,500.

About 4 o'clock half a hundred citizens were aroused by the explosions and repaired to the street. Here they were met with a volley of rifle bullets, fired by the watching guard of three men. The citizens were commanded to stay where they were, and occasional shots were fired by the outlaws to show that they meant business. One hour was consumed in dynamiting and robbing bank safe, and during all this time the citizens were powerless to interfere.

When the robbery was completed the bandits quickly dispersed in the darkness after firing a volley at the townspeople, who were lined up on the street. Half an hour later they met a farmer jogging into town and fired thirty shots at his wagon, one shot striking him in the head and another killing one of his horses.

Previous to attacking the bank the robbers broke into a hardware store and stole a dozen rifles and revolvers, with ammunition.

A special from Minot, N. Dak., says that the bank robbers have been surrounded north of Mino', and that a fight was in progress last night. Twenty-five men, armed with rifles, left Minot last night on a train to assist Sheriff Lee in capturing the bandits.

### Negroes Objects to "Clansman."

Under most unusual conditions "The Clansman" was produced last night at the Walnut Street Theater, Philadelphia. The colored clergy of the city had made a formal protest to Mayor Weaver against the production of the play, claiming that "lynchings have been encouraged by the play." The Mayor refused to take any action.

About a half hour before the theater opened Ninth and Walnut streets, where the playhouse is located, were packed with colored people. Director of Public Safety McKenty, who, realizing the danger, had hastened to the scene, begged the ministers, who seemed to have complete control of the multitude, to disperse the mob.

While the director was at the scene a riot call was sent in, and five patrol wagons brought half a hundred policemen to the theater.

The colored ministers surrounded Director McKenty and demanded that he stop the play. The Director delivered a brief speech, asking the crowd to disperse, and saying that he would endeavor to have the play discontinued after that night. This seemed to have a soothing effect on the crowd, and it slowly scattered.

Early in the evening a colored man attempted to create a disturbance in the theater. He was arrested, but the police had considerable difficulty in rescuing him from the crowd in the gallery.

### Silver Set For Battleship Virginia.

Some time next months the State of Virginia will make a formal presentation to the battleship which bears its name of a $5,000 silver service. There are forty-six pieces in the set, which weighs 2,500 ounces. It was made by the firm of Bailey, Banks & Biddle, in Philadelphia, and is now on exhibition at their jewelry store. All the glories of Virginia are depict d upon the various trays, platters, pitchers, loving cups, salad bowls, punch bowls and the like. There are the seven Presidents from "the Mother of States"—Washington, Jefferson, Madison, Monroe, Harrison, Tyler, and Taylor; the three ships which sailed into Jamestown in 1607 with the first American settlers, the Susan Constant, God Speed and Discovery; a portrait of Chief Justice Marshall on a pitcher tray; portraits of Patrick Henry, Captain Maury and General Lee; an allegorial picture of John Smith and Pocahontas, and a portrait of Sir Walter Raleigh, who learned in Virginia the soothing influences of tobacco, and introduced the weed into Europe. There are also pictures of the University of Virginia and the State Capitol. The battleship Virginia is now stationed in Havana.

### Simple Life a Failure.

Failure has rewarded the effort of a group of German litterateurs, painters and philosophers to establish a simple-life colony in the Kabakoon Islands of the Bismarck Archipelago, in the South Pacific, and three of the four leaders of the movement are dead. Herr Robsohn, a painter, one of the survivors, has returned to civilization, and through him the story of the outcome of the expedition has become known.

The simple life advocates abandoned clothes for the costume of Father Adam. Their diet was not less simple than their clothing, and consisted purely of nuts and fruits. They occupied themselves with tilling the soil and tending herbs.

Hardships on which they had not counted, however, interferred to prevent their venture from succeeding. Two of the leaders, Lutzow, a musician, and Engelhardt, a writer, succumbed to exhaustion and exposure. Natives killed Professor Bethamann, a painter. Following these calamities, Herr Robsohn determined to abandon the colony and return to civilization.

Devil's Island Torture.

### Seventy-nine Persons Drowned.

The Mallory liner Colorado, which arrived at Mobile yesterday, had as passengers Joseph Melson, Charles Olsen, Charles Anderson and Otto Brink, who were picked up at sea Saturday morning 90 miles off Key West. Melson says he saw 79 men drowned from a houseboat which was wrecked off Long Key, Fla., in last week's storm.

The four men, who were found by the Colorado's crew standing on a raft made out of six logs, were in the water waist deep at the time. Melson said he and the other men were on a houseboat at Long Key, when the hurricane struck them and blew the boat to sea. It soon went to pieces, and out of the 125 people on board 79 were drowned right before their eyes.

The other 42 men have since been taken to Jacksonville, Fla. The men suffered terrible hardships. They say that the loss of life was heavier off Long Key than any other point. The men were employed by the Florida East Coast Railway on the extension work through the Florida swamps from Miami to Key West.

SEMPER TYRANNIS
VIRGINIA ADVERTISER

TUESDAY EVENING, OCT. 23, 1906.

FACING one of the largest audiences ever gathered within the monster space of Madison Square Garden, William Randolph Hearst, the democratic and independence league candidate for governor of New York, last night predicted his own election by 150,000. A feature of the meeting was the fact that Mr. Hearst was given one of the greatest receptions, from the point of cheering, ever given to any man in the history of New York political meetings. The political significance of all this thunder, which Mr. Hearst suddenly aroused, after seemingly to be losing strength in the territory of Manhattan, is something the wisest politician cannot conjure. Chas. F. Murphy, when asked by one of its closest friends last night if he was sincerely for Hearst, and if he would deliver Tammany to Hearst as far as his influence goes, replied vigorously: "I don't care a damn for this man Hearst. He is a monkey on a stick, so far as I am concerned. But David B. Hill and others have been trying to swing this State into the democratic column for years and all the democrats have got out of it has been defeat. All we want is to elect a man governor on the democratic ticket. We'll get the goods afterwards. And these are democratic principles according to many of the present New York leaders of this party! No wonder so many democrats outside of New York are hoping that Hearst and his followers will be swept out of existence next month.

THAT THE express company managers are as nearly highwaymen, in their robbery of the public by exorbitant rates, as those clothed in purple and fine linen can be, is known by everyone who is compelled to use that form of transportation. Fortunately for the people the democrats included these companies in the provisions of the new railroad rate bill, which brings them under the supervision of the interstate commerce commission. The Society of American Florists recently filed a complaint against the United States Express Company charging that the rates were arbitrarily raised on May 1st from 25 to 50 per cent. This the petitioners declare "is altogether unreasonable and unjustified by the circumstances of the case and the exaction is very nearly ruinous. The United States and the other express Companies are controlled by the railroad magnate Harriman and Senator Platt, and the stock is mainly owned by an inside ring of railroad officials. These express companies have been a law unto themselves, but they will now have to make—under the new law—a statement of their earnings and expenditures as the railroads do, and we shall soon know just how much of their plundering can be lopped off with justice to them and their customers.

PREPARATIONS are under way for a great legal battle between the government and the interstate railroad companies over the employers' liability act. The announcement by Attorney General Moody that the government will press for a test decision upon the constitutionality of the act, discloses the fact that a number of leading railroads have united in a movement to contest the law. Their contention is that Congress had no power to regulate the liability of master to servant in the absence of a statute fixing that liability in the first instance. It is understood that a case has already been selected on which to make the issue.

THAT THE administration is not suffering from overconfidence regarding the outlook for republican success in the congressional elections is shown by the care it is exercising to do nothing, even in alleged safely republican districts, which might cost a few votes. At the request of candidates in Illinois, Iowa, New York and Pennsylvania the supervising architect's office is deferring the selection of new public building sites and awarding of contracts for public buildings. It is understood nothing further will be done about the selection of sites for postoffices at Pittsburg and York until after November 6.

THE MOST interesting contest in the West in the elections to be held next month is in Iowa, where the "stand-pat" element of the republican party is opposing the re-election of Governor Cummins, the champion of tariff reform. Secretary Shaw, who is in sympathy with the "stand-pat" faction, prudently keeps out of his State in fear of compromising himself by a disastrous failure of the attempt to defeat Governor Cummins.

Despite official denials Chicago stock yard men are confident that the United States' packing interests are to be merged. The Department of Justice is said to be determined to keep in touch with any movement that may be made by the beef packers to effect a consolidation under a foreign holding company and those concerned are threatened with the penitentiary.

## From Washington.

(Correspondence of the Alexandria Gazette.)

Washington, Oct 23.

In the conference with the Interstate Commerce Commission on the assignment of cars in conformity with the new law, the eastern railways will be represented by the [illegible] lines, representative, C. D. Dixon, the general passenger representative, C. H. Daly, New York Central; New England lines, freight representative, L. H. Kentfield, New York, New Haven & Hartford; C. M. Burt, Boston and Maine. The commission's representative will not be named until next week when the entire commission is to meet.

Free trade between Guatemala, Honduras, Salvador and Costa Rico has been established as a result of the signing by these four countries of a treaty of "amity, commerce and labor." This treaty, which grew out of the recent war between the Central American republics, provides also that the United States and Mexico shall arbitrate any future differences between the signatory powers. The State Department today received from United States Minister William L. Merry, the American minister at Costa Rico, a full copy of the important treaty.

Acting Secretary Keep of the Treasury Department announced this morning that all applications for an increase in national bank circulation, under Secretary Shaw's $18,000,000 offer of yesterday, will be favorably acted upon in the order in which they are received. If banks should apply, however, for an increase of two or three million dollars, or even less, in the interest of the small banks it might be necessary for the Treasury Department to grant only a part asked for. The object of the Treasury Department is to serve as many banks as possible in order to secure a general distribution of circulation.

The turkey which will grace the table of the President's family upon Thanksgiving night is now being fatten at the farm of Horace Vose, Westerly, R. I and it is under stood will be quite up to the size flavor and juciness of his illustrious predecessors.

### Thanksgiving Proclamation.

Washington, D. C. October 28.—President Roosevelt this afternoon issued his annual Thanksgiving proclamation setting Thursday November 29th, as the date. He says: The time of year has come when, in accordance with the wise custom of our forefathers, it becomes by duty to set aside a special day of Thanksgiving and praise to the Almighty because of the blessings we have received and of prayer that these blessings may be continued. Yet another year of wide-spread well-being has past.

Never before in our history or in the history of any other nation has a people enjoyed more abounding material prosperity than in ours; a prosperity so great that it should arouse in us no spirit of reckless pride, and least of all a spirit of heedless disregard of our responsibilities; but rather a sober sense of our many blessings, and a resolute purpose, under Providence, not to forfeit them by any action of our own.

Material well-being, indispensible though it is, can never be anything but the foundation of true national greatness and happiness. If we build nothing upon this foundation, then our national life will be as meaningless and empty as a house where only the foundation has been laid. Upon our material well-being must be built a superstructure of individual and national life lived in accordance with the laws of the highest morality, or else our prosperity itself will in the long run turn out a curse instead of a blessing.

We should be both reverently thankful for what we have received, and earnestly bent upon turning it into a means of grace and not of destruction. Accordingly, I hereby set apart Thursday, the twenty-ninth day of November, next, as a day of thanksgiving and supplication, on which the people shall meet in their homes or their churches, devoutly acknowledge all that has been given them, and to pray that they may in addition receive the power to use these gifts aright.

### Verdict for Amusement Company.

New York, Oct. 23.—Miss Marion Draughn's suit against the Southeren Amusement Company' to recover $12,000 because she was dismissed from the Theatrical company giving "The Clansman", a dramatization of the Rev. Thomas Dixon's book of the same name, came to a sudden end in the Supreme Court, today, when Justice Bischoff directed the jury to return a verdict for the Amusement Company. The court held that the testimony given by the company to show that Miss Draughn was incompetent to play the star role had not been contradicted.

Miss Draughn had a contract with the company for two years at a salary of $150 a week. She was widely advertised in connection with the production, but was dismissed a few days before the opening performance. Miss Draughn, who is a striking beauty, is well known in exclusive Southern society as well as in Washington. She is the daughter of Judge Douglass Settle once regarded as one of the most influential republicans in the Carolinas. Her suit attracted a great deal of attention.

New Orleans, Oct. 23—Forty five machinists and sixty apprentices employed at the Algiers shops of the Southern Pacific Railroad, went on a strike today as the result of a disagreement between the machinists' union and the division master mechanic at Algiers, J. H. Nolan. The strikers contend that the company refused to recognize the union and discriminated against them.

### Knife Only Remedy for Cure of Cancer.

Paris, Oct. 23.—Professor Monprofit, of the School of Surgery at Angers, who has just returned from the international conference on cancer at Heldelberg, says that cancer is undoubtedly curable by surgical operation if taken in time. No serum has yet been discoverd that will cure cancer and I find, he says, that the Germans are not further advanced in this respect than we are in France. "Cancer, if taken in its earlier stages, is quite curable but only by means of a surigal operation that is the only remedy. The public must not be allowed to go on believing that the only practical cure for cancer is from some purly medical discovery instead of the surgeon's knife. Even if the remedy be ultimately discovered, the surgeon's interventin would still be necessary, for the tumors would have to be removed.

Jimmy Callahan's Logan Squares, Chicago's best semi-professional club, is laying claims to the baseball championship of the world. Callahan and his men have some reason for the extraordinary state of affairs. Saturday, Callahan's men, with Jimmy pitching, defeated the world's champion White Sox, and Sunday, with "Long Tom" Hughes, the Washington refugee, in the pit, the Logan Squares took the measure of the Cubs by the score of 1 to 0, with "Three-fingered" Brown pitching for Chance's men

Three Austrian miners were killed and a fourth was probably fatally injured yesterday by an explosion of powder in a mine of the Southwestern Development Company, near Mineral, Kansas. The miners were engaged in getting shots ready for the shoot fires, and had several open "jacks" of powder, each containing 12 pounds of powder. A spark from a pit lamp in the cap of the men fell into one or the open kegs of powder, causing an explosion. Sheets of flame which swept down the entry burned every man in the entry. J., yesterday told a story of her intrigues with David Howard, a repulsive ironworker, who was murdered by her husband, that she might attribute a sufficient motive for the killing of Howard and save the life of her husband. Few, if any, in the room believed the woman's story, and her husband was sentenced to serve twenty years in the penitentiary. The crime was due to jealousy

There is much apprehenston felt by the agents of the Bishop steamer Arabistan for her safety. She has $3,000,000 in gold on board. The Arabistan, which sailed from Buenos Ayres and Montevideo late last month, was last reported as having sailed from St. Lucia, on October 12. The Arabistan was then bound for San Juan, P. R, but no news of her arrival there has been received in New York. It is feared that the vessel was caught in the cyclone that devastated Cuba and the West Indies. The gold represents shipment by South American bankers to the United States and in transit to Europe.

### Reunion of Eighth Virginia Regiment.

The reunion of the members of the Eighth Virginia Regiment, held at Leesburg yesterday, was largely attended by the survivors of that command. The occasion was the celebration of the battle of Balls Bluff, October 21, 1861, when the Eighth Virginia Regiment, under the command of Col. Eppa Hunton, turned the tide of battle in favor of the Confederate cause against a superior federal force. Colonel Hunton, after the Gettysburg campaign, was promoted and Col. Edmund Berkeley succeeded him.

Gen. Eppa Hunton and Justice Oliver Wendell Holmes, of the United States Supreme Court, were invited guests of the regiment. The latter, who was wounded in the Balls Bluff fight, was not able to attend on account of official duties. Writing his regrets, he states that he was hit twice at Balls Bluff, and would like to point out to his friends of the other side that an eighth of an inch variation would have ended his career.

Jack London's Serial "Before Adam," has its second instalment in this issue.

### FLOODS IN VIRGINIA.

The flood conditions in the lower part of Richmond were worse yesterday than they were Sunday. Local rains flooded Shockoe creek, the main drainage artery of Richmond. The high water in the river backed up the creek, and heavy rains coming on top of that flooded a considerable area lying between Fifteenth and Eighteenth streets and Franklin street and the river. The street cars were tired up Sunday and until noon yesterday, and boats were used to transfer citizens whose business required them to go and come from one part of the city to the other.

The loss to merchants is heavy, the water flooding the street floors in some instances to the top of the counters. A thousand men were temporarily thrown out of employment by the flooding of manufacturing plants, and the loss from this cause is considerable. The river is now falling steadily, and no further trouble is anticipated.

Six days of rain has started another freshet in the Appomattox river, which overflowed Sunday night, was a foot over the wharves at Petersburg yesterday afternoon and is slowly rising. A telegram from Farmville reports 11 feet of high water there.

He said in connection with the announcement that importations had exceeded his expectations, and he believed that for the present America had quite its share and he had no disposition to disturb conditions in Europe by a continuation of that method of relief. He also announced that he would stimulate national bank circulation to the extent of $18,000,000 by accepting approved securities other than government bonds for deposits already made, the bonds released to be used immediately as a basis of circulation without withdrawel from the Treasury.

### Nation's Alcoholic Bill.

According to the statistics gathered by a trade mrgazine, the United States spent during 1905 $222,000,000 for non-alcoholic drinks and $1,324,000,000 for alcoholic drinks.

The quantities consumed are estimated to be, in millions of gallons, coffee, 1652; beer, 1538; tea, 600; spirits and wines, 135. The total consumption of these liquids was about 4,000,000,000 gallons.

### Survives Removal of Stomach.

Fred. Hoess, of Kendalls, Wis., aged 45, will live the remainder of his life, which promises to be a long and happy one, without a stomach. Hoess was on Thursday at Lacrosse discharged from St. Francis' Hospital as cured after his stomach had been removed. Hoess had suffered for years with cancer of the stomach and had been given up to die. He was sent to Lacrosse by relatives and as a last resort the man's stomach was removed entirely, including all cancerous growth. Hoess rapidly convalesced and appears as healthful and strong as ever.

### New Corn 150-Bushel Kind.

After several years of experimenting, Dr. A. M. Moore, professor of Agronomy of the Agriculture College of Wisconsin University has succeeded in developing or "breeding" a species of Indian corn that yields 150 bushels to the acre, several times over the yield of ordinary varieties. Last spring Professor Moore was allotted 22 acres of the University farm for his experiment with his corn and a test just made shows that the yield runs a little more than 150 bushels to the acre. The field was of rich black soil, well fertilized, and thoroughly worked before the crop was put in.

The November Metropolitan, which has been received from its publishers in New York, is a typical Thanksgiving number. Its leading article, "The Diva of the Buccaneer," is full of exciting tales of piracy. "The Great Northwest" is a most interesting contribution. "Our Salmon Fisheries, a Great Economic Resource," should be read by all housekeepers. "Caricature and Max Beerbohm" is amusing and well illustrated. The short stories in this number are of unusual strength, and "The World at Large" contains in a condensed form the news of the world.

### The New York Gubernatorial Campaign

New York, Oct. 23.—Predicting that he will be elected by 150,000 majority, William R. Hearst, democratic and independence league candidate for governor, addressed the largest and most enthusiastic meeting of his campaign in Madison Square Garden last night. Fully 10,000 people were packed into the auditorium, and outside numerous meetings were held where cart tail orators were at a premium. Mr. Hearst delivered his most pretentious speech of the campaign. It was devoted largely to telling of his fights against corporations and monopolies.

He also devoted considerable time to refuting charges made against him of having made a deal with leader Murphy of Tammany. He asserted he has no more of a deal with Murphy than with P. H. McCarren. He repeated his declaration that he did not want the support of an "ice trust mayor, a tracton trust district attorney, a corrupt Standard Oil lobbyist like McCarren, nor an insurance lobbyist like Woodruff" Mr. Hearst was given a warm reception and every utterance was cheered.

In political circles here a great deal of importance is being attached to the speech of republican candidate Hughes delivered at Kingston. Mr. Hughes referred to Hearst's recent speech in which he described his men as Alton B. Parker, District Attorney Jerome and other old time democrats as croton bugs, cockroaches and rats, and said he was glad to be associated with such democrats in the campaign.

### A Minister Arraigns the Modern Church

St. Louis, Oct. 23—Dr. W. W. Boyd, for 30 years pastor of the Second Baptist Church, one of the wealthiest congregations in this city, announces that he has quit the ministry, declaring that all clergymen must be subservient to "the money powder" or leave their churches. "The modern fashionable city church," says Dr. Boyd, "is run by from one to six men who are the largest contributors to the funds, and therefore insist on certains policies of administration. These men could put no padlock upon my lips. What I believe I preach. Men take the church for a cloak for respectability. The way modern churches are run is responsible for the great ethical culture societies, the Christian science creed, and kindred organizations. The tendency of the modern fashionable church is wholly to subserve the interests of the rich."

### Pope Pius Praises America.

Rome, Oct. 23.—In an interview with Bishop Burke, of St. Joseph, Mo., who was received in private audience by Pope Pius today, the pontiff expressed his warm approval of Americans and all things American, and declared that present indications are that the world will soon see its ideal of civilization in the United States. In recounting his interview with the Pope the bishop said he found the Pope very enthusiastic about America. He spoke feelingly of the frequent proofs of attachment which Americans have given him, and then exclaimed: "What a wonderful country America is. Europe discovered it, but now America can teach Europe the real meaning of true liberty, progress and respect toward religion. It appears as if we would soon receive our ideals of civilization from America. I bless America and Americans."

### King Edward in Automobile Accident.

The King expressed his regret that his motor car should have struck one of his subjects. The journey to Newmarket was continued at reduced speed.

### Trouble Anticipated.

Warsaw, Poland, Oct. 23—Serious trouble is anticipated here tomorrow, as a consequence of the sudden calling of a general strike intended as a protest against the execution of a number of socialists who have been sentenced to death by a drum head court martial which condemned fourteen socialists. As soon as this became known arrangements were at once made for calling out all the workmen in the city. The people are greatly excited, and it is feared a clash with the police and troops will follow the attempt to inaugurate a strike.

### Buried Alive.

Wilmington, Del., Oct. 23.—In the presence of newspaper men here this morning, Professor Lawson Herrmann buried alive the body of J. H. Richards, a young man of this city. The professor is a scientific hypnotist and is performing the feat to prove that many persons who are believed to be dead are only in a state of coma. Richards has every appearance of death. ### Political Crisis in England.

London, Oct. 23.—Extreme importance is attached to the session of parliament which opened today in view of the possibility that before final adjournment comes the breach already existing between the House of Commons and the House of Lords will have become so wide that active steps will be undertaken to abolish the hereditary upper house.

The dead lock already existed before the adjournment of the last session. An effort will be made by the government to force the Lords to agree to the pending measures which have caused so much discussion. Every indication shows that the Lords will resist to the end. An appeal to the country on the proposition to either abolish the House of Lords, or to take away its powers, is regarded as the certain outcome of the struggle unless a compromise can be arranged.

Members of the government and liberal leaders in the Commons have gone further than to merely hint that such a movement to do away with the upper house will follow continued opposition to the advanced legislation proposed by the government, and for what the liberal party is pledged, and for that reason the session just opening is regarded as the most important in years.

There are several measures of great importance to the country over which the two houses have clashed. The first to come will be the education bill. Both the Church of England and the Catholic Church are opposed to the measure. Nearly every bishop has expressed his opposition, and many of the Lords as well have declared they will never agree to it becoming a law.

The struggle between the two houses may become bitter at the very beginning of the session over the bill.

There is a possibility, however, that the issue may be postponed pending the appeal of the legal decision against the public payment for religious instruction in elementary schools. If the Lords take up the consideration of the education bill at once, trouble is expected.

Several other measures which have aroused just as bitter feeling will be sent to the House of Lords soon by the Commons. One of these is the trades disputes bill. The measure originally was drawn up by the Attorney General, but the government substituted the bill of the labor party which gives greater protection to trades unions by exempting their funds from liability for illegal acts committed by members of the unions.

### Yields Him $2,280 a Day.

Franklin, Pa., Oct. 23—Within a few hours Andrew Rapp, of this city, has been transformed from a man scarcely able to pay his debts to an oil producer, with wealth pouring in upon him at the rate of $95 an hour, or $2,280 a day. The transformation is due to his striking the largest oil well the Pennsylvania field has seen in 25 years. It was drilled in ten miles below this city, and, in spite of the efforts of the workmen to reduce its production, because of the lack of facilities to handle the fluid, it is even yet flowing at the rate of 75 barrels an hour. When the Standard Oil Company has completed its arrangements for handling the oil, the gusher may do as high as 4,500 barrels a day. The Standard has a big force of men at work laying pipe lines. Mr. Rapp is 50 years of age. Two other parties share in his good fortune. They are William Witherup, an old farmer, and his wife, who own the farm on which the well is located. Their one-eighth royalty is now yielding them $14 for every hour in the 24.

### Take Strikers' Places.

A dispatch from Spencer, N. C., says that the first detachment of strike breakers was distributed by the Southern Railway system yesterday. Two carloads reached Spencer yesterday morning and promptly began work. Three additional carloads were carried to Atlanta and other points South. The machinists were brought from Baltimore, Philadelphia and New York, and have been ready for service for ten days. All of the men are being housed and boarded in one shop building, where commodious commissary departments have been fitted up. Another detachment of nearly 1,000 machinists is expected to be distributed over this system within the next week. Negotiations for a settlement of the strike by arbitration have been declared off

Dispatches from Richmond say that strike-breakers are being distributed to the various machine shops of the Southern Railway. Some of the shops are now reported to have from ten to twenty men at work in the places of the striking machinists. Others have only four or five at present, but it is said that officials of the company propose to have the shops working in full force by the end of the present week.

James O'Connell, president of the International Association of Machinists, in an interview in Washington last night said: "None of the men has returned to work, nor will they do so until their demands are granted. We still hope that there will be an amicable adjustment of the existing differences."

At the general offices of the Southern Railway in Washington, yesterday, it was said that arrangements are being made to fill the places of the striking machinists, who number over 800. The railroad people express the belief that they will be able to secure the services of enough men to carry on the work required to keep the rolling stock in first-class condition. Negotiations toward a settlement of the strike are temporarily off, but the representatives of the strikers say that they are ready to treat with the railway officials in an effort to adjust the matter.

General Manager Spencer, of the Southern Railway, made public yesterday his correspondence with the striking machinists. In rejecting the request for increased pay Mr. Spencer says that the increased expenses of the company are over and above receipts for the past several months, and that on this account he is unable to consider a further increase in operating expenses at this time. Mr. Spencer, nevertheless, offers an increase as a compromise, but not as much as what the strikers are demanding. The men ask for a uniform increase of 2 cents an hour and 1 cent for apprentices, together with shorter hours.

The officials of the railway in this city say that it is their intention to place men in the shops here, and, should it be found necessary, they will be cared for by the company, as is being done in other places in the South. They also say that by taking this action no feeling is being manifested in the matter and that any former employee who may ask for reinstatement will be employed by the company. The officials, however, realize that the rolling stock must be kept in proper condition, and that it is necessary to have a suitable force of mechanics for this purpose at different points on the system. While they are ready to welcome all former employees, should the latter refuse to resume work, the company says they will be forced to put other men in the shops. The company repeats the statement made on the 8th instant to the effect that it will be impossible to grant the demands made by the men at this time.

The following circular was sent out by General Manager Spencer last Friday:

Washington, D. C., October 19th, 1906.
The Mechanical Department:

Following my circular to the machinists of the 8th instant the committee representing the machinists called on me yesterday, the 17th instant, and demanded a general increase of two cents per hour for mechanics and one cent for apprentices. The company does not feel that this demand is reasonable and cannot grant it. It had previously been agreed that the existing rules and regulations for the government of machinists and machinists' apprentices were acceptable; thereupon the following proposition was made the committee: That the machinists at shops at once declare the pending strike off and return to work in the company's shops at the advanced rates shown in my circular of the 8th instant and thereupon the following question be submitted to arbitration namely: What basis, not less than the offer of the company contained in my circular above mentioned of the 8th instant and not more than the said demands of the machinists, should, under all circumstances surrounding the company and machinists, be adopted as the wage scale to be be paid by the company to the machinists. The men to choose one arbitrator, the company one, and these two to select a third, the decision of the majority of these arbitrator to be final and to govern the wage scale for the period of 2 years' each party to pay one half of the cost of arbitration.

H. B. SPENCER,
General Manager.

### The Requisition for Wright.

Commonwealth's Attorney Mackey, of Alexandria county, recently presented to District Attorney Baker, of the District of Columbia, a requisition from Governor Swanson for the return to the Alexandria county authorities of Joseph Thomas, colored, alias John Wright, wanted for the murder of Jackson Boney, also colored, on the night of August 28, near the Virginia end of the new Highway bridge. Wright is also indicted by the Alexandria county grand jury for an alleged criminal assault on Annie Green, colored, who was the companion of Boney at the time of the alleged killing. Indictments have also been returned charging Wright with a felonious assault on Miss Mabel Risley, near Luna Park, September 9, and an assault to kill Forrest Gooding, her companion, at the time. It is reported that counsel for Thomas will object to his removal when a hearing on the requisition is had before Chief Justice Clabaugh in Washington tomorrow.

### The Sun.

After a full week of cloud and rain, the skies cleared today and the sun came out shedding his effulgent rays over the earth to the delight of all mankind. The temperature today has been delightful and the weather much like that of Indian summer.

### The Search for Johnson.

Many reports were circulated in this city late yesterday evening and last night concerning the alleged whereabouts of Wm. Johnson, alias George Midgets, who shot and killed Charles T. Smith on upper King street last Saturday night. They were to the effect that he had been captured in Alexandria county, at Falls Church, Fairfax, Culpeper, and other points in Northern Virginia. They are all baseless.

The rumor which gained extensive circulation early this morning, and which for a time was generally credited, was to the effect that certain parties who had been searching for the fugitive had surrounded him in a house near Bailey's cross roads. A telephone message was sent from the Theological Seminary to the station house in this city and several officers repaired to the neighborhood, but after a diligent search extending throughout the night they were compelled to return to this city without the object of their search.

Frederick Brooks, an English sailor, who witnessed the killing of Smith and who started to run after Johnson, but fell into the sewer trench, has manifested an eagerness to capture the murderer. He searched for him Saturday night and has since continued the search.

Brooks has always asserted that he obtained a good look at the negro's face when he shot Smith, and would be able to pick him out from a hundred negroes. He said that last night he saw the fugitive proceed from the direction of the new union depot and take a northwesterly course toward Shooter's Hill road; that he managed to get within fifty yards of the negro when he ordered him to halt. The darkey refused to obey the command, and Brooks shot at him. The negro returned the fire and fled in a westerly direction towards Bailey's cross roads. Other shots were exchanged between the negro and his pursuer, until the former disappeared.

Brooks was convinced that the negro had taken refuge in a house near the cross roads, and he having in the meantime been joined by several residents of the neighborhood, it was determined to telephone from the High School to the station house in this city.

Chief Goods directed Officers Lyles, Jones and Nicholson to proceed to the scene and later started out himself. The chief at midnight corroborated the statement made by Brooks that he had engaged in a running duel with a negro, and that Brooks believed the man to be the one wanted, but the officers and those who accompanied him made a diligent but fruitless search.

Officer Beach this morning brought to the station house a light overcoat believed to have been discarded by Johnson or Robinson, his partner. It was found in an alley running from Payne to West street, near the house where the men are said to have lived while in Alexandria.

THINK THEY HAVE THE MURDERER

The Rockville, Md., authorities today arrested a man answering the description of Johnson. The description tallies with that given of the negro. The Alexandria authorities were notified and Chief Goods and Officer Garvey went immediately to Rockville to, if possible, identify the man.

At 3 o'clock this evening Mayor Paff received a message from Chief Goods at Rockville stating that the man who had been arrested there was not the man wanted for the murder of Charles T. Smith.

All sorts of rumors have been on the street this evening concerning the murderer, but at 4 o'clock nothing definite had been heard of him.

### Funerals.

Funeral services over the remains of the late Charles T. Smith, who was murdered on Saturday evening, were held this evening at 2 o'clock, at his late residence, 219 north Fairfax street. Rev. P. P. Phillips, of St. Paul's Episcopal Church, and Rev. Charles D. Bulla, of the M. E. Church South, officiated. The interment was in Bethel Cemetery. The pallbearers were Messrs. Robt. Gronau, J. Thos. Ballenger, Samuel Smith, Wm. Norris, George Cogan and Wm. F. Webster. A large number of relatives and friends of the deceased attended the funeral.

As stated that day the funeral of the late Emanuel W. Webb, whose death occurred last Friday, took place yesterday afternoon from his late residence, 421 south Payne street. The members of the Friendship Veteran Fire Association, of which the deceased had been a member for several years, attended in a body. The pallbearers were chosen from their ranks. Rev. W. F. Fisher, of the Baptist Church, conducted the services, and the interment was in the Methodist Protestant Cemetery.

The funeral of Mrs. Mabel Goings, whose death occurred at the Alexandria Hospital, Saturday last, was held yesterday afternoon at the undertaking rooms of Mr. B. Wheatley. Rev. Dr. S. A. Wallis, of the Episcopal Theological Seminary, officiated, and the interment took place in the family lot near the seminary. The pallbearers were Messrs. Andrew Cleveland, Rozier Cleveland, Richard Cleveland, and John Cline.

The funeral of Mrs. Mary E. Grady, who died Sunday morning at her home, 819 Queen street, took place yesterday afternoon from his late residence. The services were conducted by Rev. J. A. Jeffers, and the burial was in the Methodist Protestant Cemetery.

### Let the Good Work Proceed.

It was suggested in yesterday's Gazette that in view of the fact that half a dozen people had been killed in affrays in Alexandria in less than a year, that the time had arrived when steps should be taken to break up as far as possible the carrying of concealed weapons by negroes or irresponsible white people, and that in order to do so strangers, white or black, whose movements may be questionable, should be taken in custody as suspicious characters, searched and made to prove to the satisfaction of the authorities that they are not liable to disturb the peace or the dignity of the Commonwealth. Officer Young yesterday arrested a strange negro as a suspicious character. He gave his name as William Maloney and when brought into the Police Court this morning he said he was employed in Washington. Justice Caton concluded to hold him until he proves to the satisfaction of the court that his statement is correct.

### Personal.

Mrs. Dobbins and sister, Mrs. Cox, of Alexandria, left Friday for Portsmouth, where they were called on account of the death of their brother, Mr. Green.—[Richmond Journal.

Mr. and Mrs. Henry Mather Warren of "Fairfield," Devon, near Philadelphia, announce the engagement of their daughter, Miss Helen W. Warren, to Henry T. Holladay, jr., of Rapidan, Va.

A quiet but pretty wedding took place in this city Sunday, when Miss Hulda Freitag, the only daughter of Mr. L. Freitag, became the wife of Mr. Bruno Saffran, both of Washington. The marriage took place in the German Lutheran Church, and was witnessed by the family of the bride only, the Rev. John T. May officiated.

Mr. and Mrs. Thomas A. Murray, Miss Anne Murray and Master T. A. Murray, jr., have returned to Hampton from Alexandria, where they attended the marriage of Mr. Murray's sister.—[Newport News Press.

The announcement was made today of the marriage of Mr. Fred. Schuler and Miss Grace Steel, which took place at St. Mary's parsonage on August 8th. Rev. Father L. F. Kelly officiated.

Mrs. Paul R. Evans is seriously ill at her home on south Henry street.

R. W. Arnold, D. D. G. M., and L. Ruben, W. M., of Alexandria-Washington Lodge of Masons last night paid an official visit to Columbia Lodge, in the county near Fort Myer, and conferred the Master Mason's degree upon a candidate.

### He Leads the Posse.

About ten days ago a stranger appeared in the city, giving his name as Frederick Brooks, and stated that he was an English sailor, but that more recently he had been employed on the Southern Railway in one of the southern States. Soon after his arrival he was arrested for trespassing on the property of the railroad company and after being struck by a special officer was arrested and taken to the station house, where later he was discharged. Since the murder on Saturday night of Charles T. Smith, by a colored man, Brooks seems to have appointed himself a special agent to capture the murderer and has led two or three posses in their search for the fugitive. His search, it is true, has failed, but then he had been just on the verge of a capture when something happened. The Alexandria police, or some of them, seem to follow the stranger with blind faith, letting him keep the lead, but the reason for this is not given. Brooks is certainly not out for his health and the unusual zeal of a stranger in behalf of a city in which he has made his residence less than two weeks is passing strange.

### Circuit Court for the County.

[Judge C. E. Nicol presiding.]

Evidence was heard yesterday in the case of Barbara Pope, colored, on the charge of violating the "Jim Crow" law. It was testified that the defendant was a passenger on a train on the Bluemont division of the Southern Railway, and that she had declined to comply with the regulations prescribing different sections of the cars for white and colored passengers. On the complaint of Capt. King, the conductor in charge of the train, she was given a hearing before Mayor Hawxhurst, of Falls Church, who imposed a fine of $5. From his decision the appeal was taken. The trial was not concluded yesterday and was resumed this afternoon at 2 o'clock, when Conductor King took the stand to testify. The case was in progress when this report closed.

### Entertainment Tonight.

The big benefit tonight for the Columbia Steam Fire Engine Co. will be given by the Moore-Simonds Company, which give Sunday concerts at the Belasco Theatre, in Washington. The programme will introduce Tom Moore, the popular and well-known baritone, in new illustrated songs; the Metropolitan Quartet, a big hit at the Belasco Theatre last Sunday evening, also a feature at Luna Park last season, together with other vaudeville acts, and 5,000 feet of interesting, and the most screamingly funny moving pictures that money can buy. The people of Alexandria are promised an entertainment that will please them. Coming direct from the Belasco Theatre, in Washington, should stamp it a performance of merit.

### Trial Postponed.

Police Capt. William H. Mathews and Lieut. J. E. Mulhall, of the Fourth precinct in Washington, appeared before the police trial board yesterday morning to answer the charge of neglect of duty and conduct unbecoming officers. James A. Easby-Smith, representing the accused, said he had not been able to subpoena the required witnesses, and the case was postponed until Wednesday, at 10 a. m. Charges are based upon the conduct of the officers at the time Engineer Hugh Murphy met his death.

### Held for Further Examination.

Cora Conner, Gertrude Robinson and Sarah Johnson, all colored, who were in the Police Court yesterday charged with being implicated in the assault upon Officer Nicholson Saturday night, prior to the killing of Charles T. Smith, have been committed to jail for ten days awaiting the outcome of an investigation now being made by the police of the murder. Sarah Johnson claims to be the wife of the man who murdered Smith, and it is said they are from Columbus, Ohio.

### Fined Fifty Dollars.

As was stated in the Gazette, a difficulty took place yesterday afternoon in an oyster house conducted by Robert Arnold on north St. Asaph street between the proprietor and a man named C. C. Hurley, during which the latter drew a blackjack. Arnold disarmed Hurley and later Officer Sherwood appeared and placed Hurley under arrest. The latter was brought before Justice Caton in the Police Court this morning and fined $50.

### Exhibition of the Firefighter.

Fire Chief Belt, of Washington, has ordered the fire boat Firefighter to Alexandria Thursday morning for a thorough test of its possibilities in fire protection. Chief Belt will distribute 1,500 feet of hose through the streets of Alexandria, and will bring the monitor hose on the fire boat into play. This action is taken to demonstrate to manufacturers desirous of locating on the river front that their interests will be well protected in case of fire.

### Will Probated.

The will of Mrs. Rachael V. Padgett was admitted to probate today. The deceased divides her personal property among her relatives and directs that the money from her estate be put out at interest for the benefit of her sisters, Mrs. Mary E. Dann and Mrs. Sarah J. Taylor. At their death she directs that the money be used to pay the debts of her late husband, W. L. Padgett. Mr. Frank J. Pollard is named as executor.

### Police Court.

[Justice H. B. Caton presiding.]

C. C. Hurley, arrested by Officer Sherwood charged with carrying concealed weapons, was fined $50.

William Mahoney, colored, arrested by Officer Young as a suspicious character, was held.

SUCCESS BEGETS SUCCESS

That's why the number of the depositors of this corporation increase—we are successful not only in the handling of banking business, but also in our methods of investment. The officers and directors of this corporation are men of known business ability—they are mentally alert and active, and the fact that this corporation has a wide-spread reputation for conservatism and strength is owing largely to the business standing of the men who direct its affairs. Every progressive idea consistent with solid banking methods is largely adopted by this institution. We pay 3 PER CENT. INTEREST on deposits in our Savings Department and would like to have you open an account with us, however small the amount. ONE DOLLAR, for instance, will start you. We act as Executor, Administrator, Trustee and in all other fiduciary capacities—issue Fidelity, Contract, Official and Judicial Bonds and have Safe Deposit Boxes for rent at reasonable rates. General Banking Business transacted. We pay interest on time deposits and solicit the accounts of Banks, Corporations, Firms and Individuals. Call to see us.

**A Horse and a Cow.**

When in my teens, milking seven cows morning and evening and toiling on the farm all day, I made favorites of a bay mare and a Durham cow—Molly and Bess. Talk about your physical sympathy! Why, it was pathetic. Molly was my saddle horse, a single footer of rare excellence. I could ride her with one finger on the reins into the most forbidding places. Old Bess—oh, she used to kick a tooth out once in awhile and put her foot in the pail of milk, but the dear girl would follow me about with the affection of a child! Well, I was absent from the old home five years and returning found that of all the animals only Molly and Bess remained. Imagine my distress when Molly refused to notice me at all! While wondering at this loss of friendship I felt a warm, ruglike thing going over my hand, which was behind my back. Turning, I saw dear old Bess. Without notice she had come to lick me. If ever animal spoke with eyes and manner she did. Her happiness at seeing me again after so long a period was apparent to all observers, and during my brief stay at home it was all I could do to keep her from following me into the house. —New York Press.

**No "Deadhead" Trip.**

One of the most famous of American shipping lines in the palmy days of our marine was the Cope line, which ran between Philadelphia and Liverpool, says the author of "Memoirs of Charles H. Cramp." By this line John Randolph of Roanoke determined to go to Russia when he had been appointed minister to that country by President Jackson. Entering the office of the company in Philadelphia, he said to a clerk in his usual grandiloquent manner:

"Sir, I wish to see Thomas P. Cope."

He was shown to Mr. Cope's office.

"I am John Randolph of Roanoke," he said. "I wish to take passage to Liverpool in one of your ships."

If he expected to be tendered a pass he was grievously disappointed.

"I am Thomas Cope," replied the head of the line. "If thee goes aboard the ship and selects thy stateroom and will pay $150 thee may go."

**A Timely Shake.**

Some years ago the Duke of Connaught visited Japan and was taken by Sir Edwin Arnold round the bazars of Tokyo, where he bought many curious toys and specimens of Japanese art. In the evening he remarked to Sir Edwin that he had seen most of the sights, but had not experienced any of the earthquakes which are so common in Japan.

"I suppose you cannot show me one?" said the duke jestingly.

Immediately the house shook, the chandelier swayed backward and forward, the china and glass on the table rattled, and the door burst open.

"Why, Sir Edwin, you are a magician!" remarked the duke as the shock, which had happened at so curious a moment, subsided.

**A Remarkable Epitaph.**

A remarkable epitaph is on a tombstone in Brighton churchyard in England. It reads: "In memory of Phoebe Hessel, who was born at Stepney in the year 1713. She served for many years as a private soldier in the Fifth regiment of foot in different parts of Europe, and in the year 1745 fought under the command of the Duke of Cumberland at the battle of Fontenoy, where she received a bayonet wound in her arm. Her long life, which commenced in the time of Queen Anne, extended to the reign of George IV., by whose munificence she received comfort and support in her latter years. She died at Brighton, where she had long resided, Dec. 12, 1821, aged 108 years."

**Atlantic Billows.**

The authorities of the United States hydrographic bureau have endeavored to ascertain the size of the Atlantic waves. From careful observations they learn that in height the waves usually average about thirty feet, but in rough weather they attain from forty to forty-eight feet. In storms they are often from 500 to 600 feet long and continue to move about ten or eleven seconds, while the longest yet known measured half a mile and did not exhaust itself for twenty-three seconds.

**Women as Travelers.**

As a matter of genuine fact women, in nine cases out of ten, are better travelers than men are. To begin with, if not so stodgily accurate, although that by no manner of means follows, they are more fluent in modern languages. They chatter in them, say the male things. Ergo, they are the more colloquial, the readier to circumvent the wiles and extortions of keliner or of garcon.—London Gentlewoman.

**A Good Dog.**

"What kind of a dog is that?" asked the inquisitive man.

"I dunno jes' what kind of a dog he is," answered Mr. Erastus Pinkley, "but he's got good stock in 'im. Dat dog is so many kinds of dog dat dar's got to be good dog somewhere."—Washington Star.

**The Truth.**

A teacher in explaining the different kinds of sentences to her class, asked what it would be if she said, "I am looking for a man."

"I don't know," said the boy at the foot of the class, "but I think it would be the truth."—Lucerne Standard.

Williams, a well known merchant of Bac, Ky., He writes: "Twenty years ago I had severe hemorrhages of the lungs, and was near death when I began taking Dr. King's New Discovery. It completely cured me and I have remained well ever since." It cures Hemmorhages, Chronic Coughs, Settled Colds and Bronchitis, and is the only known cure for Weak Lungs. JEWELRY.

**Going Housekeeping?**

If so, you can hardly get along without spoons, knives and forks. The silver-plated are without a doubt the most economical in the end. They wear longer, look better and cost very little more than the ordinary kinds. We can even supply silver-plated knives with steel blades.

Your sideboard is hardly complete without a silver cet. Silver cake and fruit baskets should also be placed there.

A candelabra with will brighten the table considerably. After the spread has been cleared off a silver fern dish should be placed on the table.

The necessary things in cut-glass are the decanter, the berry bowl and the celery dish. In a great many homes the ice cream is served on cut glass plates.

On your dresser place a traveling alarm clock and a sterling silver or silver-plated toilet set, also a hat and clothes brush.

You will find plenty use of a number of small silver-plated trays. One has always so many trinkets to take care of.

There should be a jewel case on the dresser, if only for appearance sake. Over night it is a good place to keep the watch and Z—K Gold Chain.
